HOTEL OPENED.

The Green Mountain Hotel, Opened Saturday.
A Most Excellent Family Restaurant.
Over Three Hundred Guests Spent the Day Here.

Complimentary Dinner, with a Ball in the Evening.

The opening of the new Green Mountain Hotel Saturday was a successful success. Invitations had been issued some days ago to the officers of the company and Miss A. A. Warren, the manageress of this hotel, and a number of the very best class of citizens gathered at the hotel to visit the beautiful mountain resort under such auspicious circumstances. A great many persons were out and in the day in the mountains, but a majority of those who accepted the invitations came in a special train over the M. & N. at 3:30 in the afternoon. It was a very pleasant party that left the depot at that time and the grand ride up the mountain was enjoyed by a large number of the guests were cordially greeted by President Dow, Secretary Woodworth, Manager Sprague, Miss Warren and others, and were made to feel that they were truly welcome. Many of the guests employed themselves in inspecting the handsome furnished mountain retreats, situated on the side of the mountain, and those who were familiar with the Green Mountain Hotel at last year's season were surprised to find in the many improvements made by the company and others during the winter. On every side were rising up pretty little cottages, while the grounds and lake have been beautified in many ways.

The new hotel persons, others the pleasant surprise. It is a perfect gem, both in its interior arrangements and furnishings. The office occupies the front of the building, and the two of the building, is finished in light pine. In the rear of it on the left and right of the hall are the gentlemen's and ladies' parlors, elegantly furnished and carpeted. Back of them is the dining room, large and bright, and in the rear of that the kitchen. On the second and third floors are the sleeping rooms. These are arranged for single rooms or can be used in suites, and are large, well lighted, and ventilated and nicely furnished throughout. The stairs and stairways are broad and nicely carpeted, and on each floor are halls, closets, etc. The house is lighted throughout with a modern convenience, including electric lights. The hotel presents a neat and pleasant appearance, together with its elegant furnishings, that a guest would feel very comfortable with it.

About 6 o'clock the doors of the dining room were thrown open and Miss Warren invited the guests to partake of an elegant dinner. The large dining room was handsomely decorated with flowers and evergreen and the tables were set with a fine appearance. Two hundred guests sat down to the dinner, which was nicely cooked and well served. The following was the menu:

Consomme	Soup	Mock Turtle.
Roast Beef	Onions	Caper Sauce.
New Potatoes.	Peas.	Apparagus.
Tomatoes.	Chickens.	Beets.
Fruit Pudding.	Vanilla Ice Cream.	
Bananas.	Cake.	Oranges.
Raisins.	Coffee.	

At 7 o'clock a magnificent second special train left for the hotel conveying those who could not get earlier in the day, but who desired to attend the ball to be given in the evening. Two cars were completely filled. The party arrived about 8 o'clock and found that the dining room had been converted into a ball room. Professor Durging's orchestra furnished a splendid music, and dancing was continued for three hours. During the evening lights, fruit and cake were served. At 10 o'clock the three hundred guests took the train for home, arriving about midnight. A. expressed themselves as delighted with the successful evening. It is estimated that upwards of four hundred guests were entertained during the day. Miss Warren and the Green Mountain Hotel company are to be congratulated upon the great success of the event, and there can be no doubt but that the hotel and its well-kept grounds are entering upon a prosperous season.

BASE BALL.

The Home Team Wins the Second Successive Game with Pueblo.

The Springs boys have a beautiful game of ball Friday afternoon. The weather, before the game, was miserable, and prevented the large attendance anticipated, but nevertheless the crowd was a fair sized one. It is safe to say that not a person was disappointed with the playing. The umpiring was not up to

the standard, but the disputed decisions were about equal on both sides. Newman and Bennett, the two new Springs players, played here for the first time. It was also Bennett's first game with the club. Both men played beautifully. Bennett on first base received frequent applause for the manner in which he stopped the balls, from those who came skimming a long the ground. To others who came to see him to do some signifying. At the last both men were strong. Newman scoring three runs and Bennett one. The batting of the Springs club was fine. G. Evans, Valey and C. A. Lynch knocked two batters, and Valey and C. Lynch three batters.

Straw was the strongest batter on the Pueblo side. He scored three singles and one three base hit. The Pueblo club also played very good ball. It was evening the audience from leaving the umpire's decision. The following is the official score:

Colo. Springs.	AB.	R.	H.	SH.	PO.	A.	E.	SB.
Lytle, 1st B.	5	2	4	0	10	0	1	2
Graham, 2d B.	5	1	1	0	0	0	0	0

Jensen, S.	4	1	1	0	1	0	0	0
O'Brien, C.	4	0	1	0	1	0	0	0
Totals	37	10	6	4	27	22	6	3

Runs—Springs 5, Pueblo 4.
Two base hits—Barrett and O'Brien.
Three base hits—P. Lynch, Rubian, 2.
Struck out—By Ferguson 4, by Martin 2.
Time of game—Two hours.
Umpire—Chas. Berrey.

BASE BALL.

The Springs Club Beaten by the Pueblo Team.

The Colorado Springs club lost Saturday's game with the Pueblo ponies. The game throughout was very close. The batting of the Springs club was fair. Valey made a beautiful three base hit. Ferguson and Wilson were the battery for the Springs and Martin and Adams for Pueblo.

Lytle did not play as strong a game as usual on first base. Bennett did not play yesterday, but Newman played an errorless game on right field. The attendance was very large. The game, receiving a good score of the audience. The novel sight of a man wearing a suit and a view of the game from the right field fence was witnessed yesterday. He was the only one many amusing comments during the game.

It is to be hoped that the management will keep the crowd of small boys out of the roof of the grand stand in the future. It is very unpleasant to witness a game and have a lot of noise overhead, preventing one from seeing the game.

The audience enjoyed the game very much. They probably lost two good players when they released Legg and Drummond, but they gained lots of friends by the gentlemanly playing which was noticeable in the rest of the club. One or two of the umpire's decisions were unfavorable to the Springs, but they were not vital decisions. The club was outplayed by the Springs boys. This being the umpire's first game for some time he could not be expected to give satisfaction to every body, but he will probably do better in to-day's game. Although there were very few ladies present Saturday the way in which the Pueblo and also the home team very nice. The service outside were about equal.

Judging by the playing Saturday it certainly looks as though the objections to the umpires in Pueblo and Aspen were just. The Springs club played the strongest ball yesterday that has been played on these grounds this season. They were earned the victory and are to be congratulated for the great strength they have shown in getting the two new players.

There was no acceptance until July, 1862. Heron's first service was in Mississippi, serving for a time in General Fremont's command. He was with his regiment, the 1st Iowa, No. 10 in the Mississippi river when it participated in the great capture of Vicksburg, and was one of the 6000 Confederate soldiers who were taken prisoner. The regiment was sent to Pittsburg, Kansas, immediately after the river was in time to take part in the battle of Corinth. At Vicksburg, Miss., the 1st Iowa regiment had the honor of being the first to enter the city after it was captured. The battle was not considered a

BASE BALL.

The Springs club plays Good Ball against Denver.

The Springs club played a good game of ball Thursday but did not have a chance to display their best playing. Their opponents, the Denver Sox, nine, played fairly well. Before the game it was learned that Manager McLaughlin had released two of his players and this may account for the work.

The Springs boys had no difficulty in hitting the ball. They not only hit it, but sent it skimming all over the diamond.

McMahon, of the Denver club, pleased his admirers by doing the only good work on one of the Denver side. He received considerable applause.

Six out of the nine innings were passed without the Denver club making a score. With only one run were their pitchers, McMahon and Stevens, caterers. Fifteen base hits were made of them by the Springs sappers. Stevens did good work considering that it was his eleventh successive game.

Just before the game opened Manager Goddard found himself without a pitcher in condition to play and called on Benckert, who has been in for some time, into the box. Benckert did a good game but was completely over a substitute to run bases. He struck out six men and sent two to first on base.

Graham made a beautiful one-and-out. Newman played an errorless game on right. He has made quite a record for hitting. His work at the bat yesterday was very neat. The score bases by the Springs club numbered twenty-eight and the Denver two. This will give a faint idea of the loose playing by the visitors. Frank Johnson umpired the game in a very creditable manner. The following is the

Important Meeting of the Board of Trade Friday Night.

The meeting of the board of trade Friday night was well attended and some very important business was transacted. President Barick presided, calling the meeting to order shortly after 8 o'clock. The committee appointed at the last meeting to select officers for the board reported as follows: President, Louis B. Barick; first vice president, A. J. McLaughlin; second vice president, D. C. Fairley; treasurer, J. D. Barrow; recording secretary, G. C. McCreery; corresponding secretary, G. C. Buckman; directors, C. A. Hayes, R. C. A. Bimbaum, C. J. Peitz and Nelson Berrey.

Upon motion of Dr. Born the report was accepted and the secretary cast a white ball for the officers as named.

Mr. Geo. C. Buckman, of the advertising committee, brought up the matter of taking a page advertisement in a D. & R. publication, but after considerable discussion it was decided that the board would take no more advertisements of that nature.

President Barick stated that Mr. Carlos C. Parilla was preparing a pamphlet of Colorado Springs which would not only prove very valuable as an advertising medium, but that Mr. Parilla had offered the board two thousand copies of the work for \$3.50, a little more than cost. The president believed that a better means of advertising the city could not be found.

Upon motion of Dr. W. L. Bartlett Mr. Parilla's offer was accepted.

A representative of the Colorado Springs Typographical union was granted the privilege of the floor, and explained to the board that on Saturday, June 8th, the members of the International Typographical union to the number of 300 would visit this city, and that it was desirable that some entertainment be given them. That other cities in the state where they would visit would offer them lavish entertainments, etc.

Senator Charles E. Noble addressed the board to explain the advisability of allowing the members of the International union some attention, as there was a possibility of securing to this city the location of the home for invalid printers, which the body would have the power to establish. He had introduced a bill in the upper house of the state general assembly which gave the Denver Typographical union the section of school land east of this city, which it was to offer the International union as an inducement to locate the institution here. The bill had been killed in the lower house on a technicality, but the matter was not yet ended as other steps were being taken to secure the land.

Dr. Bartlett moved that the officers

and board of trustees of the board of trade be appointed a committee to entertain the members of the International union, and that they be given full discretion in the matter. The motion prevailed.

At the suggestion of the president, a motion was put through fixing the salaries of the recording and corresponding secretaries at \$300 each per year.

In supporting the above motion Dr. Born spoke of the necessity of averting the city more largely in the south, as he had found in a recent trip to that portion of the country the place was little known.

Upon motion section 1 of article 2 of the constitution and by-laws was changed. This was done to allow the standing committees to be fixed at three members each.

Upon motion the meeting then adjourned.

Nearly Drowned.

The splendid festivities attending the opening of the Green Mountain Park on Saturday and Sunday came near ending in a tragedy. On Sunday Mr. Dow, president of the company, his wife and baby and Mrs. Carr, a friend from Omaha, went rowing on the lake, and while amusing themselves Mr. Dow pulled the boat up to the side of the little fountain. The water suddenly splashed up when the ladies jumped to one side to get out of the spray and caused the boat to tip. The ladies were thrown under the boat, but fortunately Mr. Dow got from under it and by a great effort managed to extricate them. Then he sent his efforts to trying to support his wife and child, but was himself pushed down into the water. On the banks were a number of persons, but none of them could render assistance and were compelled to witness the frightful struggle which took place in the water. Mr. Bourdais, a gentleman who lives at Manitou Park, and a good swimmer, having seen the water a great portion of his life, fortunately happened to be in the dock near the lake and hearing the cries ran out. Instantly comprehending the situation he threw off his coat and plunging into the water managed by a noble effort to support the drowning ones until they came to one of the other boats. When taken from the water all were unconscious, and for some time the lives of Mrs. Dow and Mrs. Carr were despaired of. Strong remedies prevailed, however, and yesterday they were doing well, though very weak. The baby fared better than any one else. It was a very narrow escape.

Dry Goods Opening.

On Thursday morning Wilbur & W. W. open their new dry goods establishment in the O'Brien block. This firm of enterprising young business men starts out with a splendid stock of the very latest and best makes of dry goods of all kinds in a new, clean and well lighted building. Mr. Wilbur kindly showed a GAZETTE representative through his store Wednesday. The business will occupy three floors of the building. The store room proper is of course on the ground floor, the large basement, will for the present be used for reserve stock, while the upper floor will be devoted to the suit and dress making department. Upon entering the store one is particularly struck by the handsome and modern fixtures in the room. The receiving and counters are of light wood, and Mr. Wilbur has designed a system of electric lights by which the store at night will be lighted almost as bright as day. The room is 15 feet in length. On the north side of the room are the silks, dry goods, cloths, fancies, linens and domestics; on the south are the white goods, underwear, notions, etc. The west end is devoted entirely to the display of carpets, oil cloths and crapes of which there is a large and well selected assortment.

Mr. M. E. Wilbur, so long connected with the dry goods business in this city, has charge of the business, and assisted by a force of eight clerks. He solicits the patronage of all of his old friends and customers.

There was a rather meeting of the board of county commissioners Wednesday morning. Commissioners Woodbury and Skinner only were present and were in session but a short time. The resignation of Mr. J. D. Richmond as constable for this precinct was accepted and Mr. J. W. Garbigh was appointed to fill the vacancy. Mr. C. S. Nicholson was appointed road overseer for 7th ward precinct.

Shirley Jackson and Yessers, C. A. Bimbaum, A. Schindler, W. H. Ducker, M. O. Rowe and S. S. Bumshead left Wednesday for Wyoming to prove up on the land which the syndicate of gentlemen from this city have been reclaiming for several years under the desert land laws. It is necessary that they should prove up by June 30th. Others of the syndicate will leave in a few days.

A called meeting of the various local unions of the Young People's Society of Christian Endeavor held at the First Methodist church Wednesday, to decide to organize a county union, and call for delegates from all local unions in the county to meet in convention was made for May 31, at 8 p. m., at the Baptist church.

Messrs. W. E. McGee, traveling auditor, and C. E. Moore, paymaster, of the Denver, Texas and S. W. Harris road, who headquarters in Denver, have been stopping in the city for several days.

A brief addition to the real estate of N. C. Johnson's dry goods store is being built. It will be 25x30 feet, with a basement.
